## GET READY FOR YOUR JOURNEY WITH HIGH SPEED LUKE+!

High Speed Luke+ is a FREE online platform that explores the Bible in fun and engaging ways. With a mission to educate, defend and inspire youth on the Bible's truth, it was designed as a tool to help youth, ages 5-22, to defend and deepen their faith at their own pace. Whether for home or virtual schooling, personal growth, or deepening your relationship with God, High Speed Luke+ is fast, entertaining and relevant for kids and adults.

The HSL learning tools include fast audio bible recordings, reflective questions, short videos, biosketches, and worksheets. Faith-friendly movie and book suggestions are also given. With so many options, you may be wondering how to best use all these resources.

In this guide, High Speed Luke+ (HSL) provides two sample curriculums, integrating all the HSL learning tools! The sample curriculums show you how to guide students through six books of the Bible at WALK or RUN speed and can be easily adjusted to fit different learning styles, grade levels, and available time.

This new approach to learning Scripture expedites a child's walk (or run) through the Bible, giving them the freedom and flexibility to study Jesus Christ and explore people of God who spread the Gospel and His loving ways.

## RESOURCES AT HIGH SPEED LUKE+

1

### FAST AUDIO BIBLE RECORDINGS

Listen to six audio books of the Bible, read by a natural-born speed talker at over 300 words per minute. Our minds can process words at nearly twice the average speaking rate of 160 words per minute [1], so listeners will quickly get accustomed to learning at a higher speed. You can find these audio recordings under Listen at HighSpeedLuke.com. They are also available on Spotify or iTunes.

2

### REFLECTIVE QUESTIONS

The reflective chapter questions used in the high speed audio Bible recordings were developed in collaboration and tested with hundreds of students to be more relevant to youth today. You can find them under Equip > Chapter Questions at HighSpeedLuke.com.

3

### SHORT VIDEOS AT ANCIENT PLACES

Watch videos (1-5 minutes) of historical figures and places in the Bible, filmed at ancient locations in Israel, Egypt, Turkey, and Greece. See and hear from modern-day experts who share the facts around the Bible's accuracy so you can confidently know and defend the Truth. Corresponding videos are listed in this curriculum guide with the related chapter and Book of the Bible. You can find these videos in the Watch section at HighSpeedLuke.com.

4

### OVERVIEWS OF INSPIRING PEOPLE

Explore the impact the Bible has had on people's lives today and throughout history. Watch a video about Timothy and others who taught and spread the Bible's Truth. Download worksheets highlighting historical women and men who positively impacted the world from the 1600's to 1963. Read overviews of inspiring people who are currently doing God's work; from best-selling authors, artists, pastors, scholars, TV hosts, actresses, athletes, to walking miracles, these individuals are doing amazing work across the nation and the world. You can find these Teachers, Trailblazers and Explorers under Explore > Inspiring Lives at HighSpeedLuke.com.

5

### MOVIE & BOOK SUGGESTIONS

To further deepen faith and biblical knowledge, watch a kid-friendly movie from our Movie Suggestions or read a kid-friendly book from our Book Suggestions. You can explore these additional resources for your family or classroom at the end of this curriculum guide or under Explore at HighSpeedLuke.com.

### WHAT YOU NEED

- Pen & Paper (optional, for jotting down notes or responses)

## ROAD MAP TO SUCCESS

- We recommend starting with 2 days a week at the WALK curriculum speed. If you want to go faster, increase the number of days per week and/or switch over to the RUN curriculum speed. There is no “falling behind” in this curriculum. Speed up or slow down and customize HSL to what works for you and your schedule.
- The HSL curriculum can be used as a jump-start for meditating on the Word. Listen to the listed audio Bible recording(s) for 2-5 minutes at WALK speed, or 4-10 minutes at RUN speed. If a bonus option is listed, watch the short video or explore the inspiring life overview. Read the chapter question(s) that was asked at the end of the audio chapter. Then spend a moment in quiet meditation as you open your heart and mind to what God wants to reveal to you. Reflect on the chapter question(s) in your meditation and as you continue about your day. You can add more reflection or discussion time in between the audio chapter recordings as you wish. For more ideas, check out the Bonus Activities on page 12.
- While all six audio Books of the Bible can be listened to within 5 hours, we don't recommend it for the best learning experience.
- Before starting the curriculum, we recommend playing the HSL audio Book of Luke introduction until the end of Luke without stopping or pausing for a maximum of 30 minutes per day. As the Book of Luke is 89 minutes in total, this will take approximately 3 days. This introduces you to what we call a “Survey of Luke” and gets you more acclimated to the higher speed and HSL learning process.
- Learning is most effective when the teachings are discussed and applied. Use the accompanying reflective questions for each chapter of the six books of the Bible by providing them for students to answer on their own, using them for discussion, or taking inspiration from them in asking your own questions. You can provide pen and paper for the kids to write down their answers.
- While using HSL learning tools, observe the individual learning style of each student and adjust for differences in attention, speed, and preference. One of the differentiating benefits of HSL is that the audio books are recorded by a natural-born speed talker at over 300 words per minute. The intentional combination of the high velocity of information and background music helps to keep the attention of youth with a “need for speed.”
- Information often sticks in our minds better with repetition, so feel free to run through favorite Books or chapters multiple times over the years to come!

**HE LOVES ME!: LEARNING TO LIVE IN THE FATHER'S AFFECTION** *by Wayne Jacobsen*

So many Christians believe God's love is fickle: when they sin, He turns away in disgust and anger. They vacillate between "He loves me" and "He loves me not" because of their behavior. That reasoning, writes Wayne Jacobsen, is as flawed as pulling petals from a daisy. Rather God's love is sturdy, enduring, and undisturbed by people's failings because God loves humankind not for what they do -- but who they are. They are God's beloved creation.
